Carpenters Carpenters fa	Carpenters Carpenters face property and liability risks ranging from broken equipment to materials theft to plant fires. You may worry about equipment failure and the consequences of being "down" for a period of time.		
InsuranceN right price. some exam contractors:	InsuranceNoodle helps carpenters and cabinetry contractors get the right insurance at the right price. Through experience and research, we know what contractors need. Here are some examples of the coverages we often recommend to carpenters and cabinetry contractors.		
• •	You arrive at a job site in the morning and discover that some of your materials were stolen during the night. Materials On-Site Coverage would reimburse you for your loss. Upon further investigation you discover some of you tools missing also. Contractor's Equipment and Tools Coverage would reimburse you for your tools. Rental Reimbursement for Tools and Equipment Coverage would cover the cost of renting tools until you could replace yours.		
We wo with ins needs.	We work with cabinetry contractors and carpenters regularly and have ongoing relationships with insurers that specialize in your field. Our on-line application is customized for your needs. The application asks about your business, assets and employees. After you submit your application, you'll get up to three proposals from our insurers. If you like what you see, you can buy policies online.
